IX304

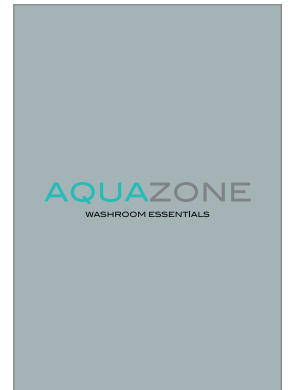

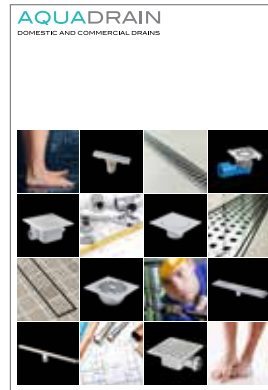

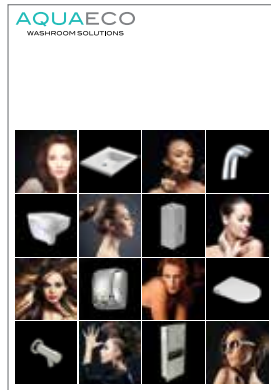

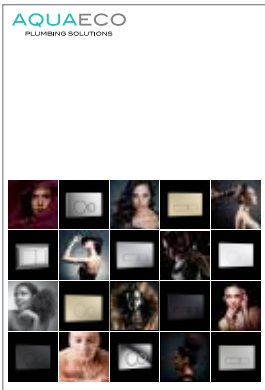

STAINLESS STEEL WASHROOM SOLUTIONS

The IX304 solid range of Stainless Steel mixers, shower heads and accessories are a must-have for any contemporary washroom. These high performance Stainless Steel products are easy to maintain and extremely durable. Using Stainless Steel grade 304 guarantees superior, long lasting product performance. It is virtually unrivalled by any other material on the market and all IX304 products come with a ten year warranty for complete peace of mind.

Stainless Steel can withstand the effects of most liquids such as water, acids, oils and chlorines, all of which can be highly destructive when exposed to other types of materials. Stainless Steel grade 304 does not chip, flake or bubble, retaining its high quality appearance throughout an extended lifetime.

Globally we are the only company to offer a complete Stainless Steel washroom solution with complimentary mixers, accessories and drainage solutions for a truly coordinated package. Using Stainless Steel grade 304 is aligned with our goal of designing and supplying products that guarantee an extended lifecycle, delivering world class solutions where value is at the forefront.
