# METREAUX

Fresh, contemporary styling are the keynotes of this new range from **BAGNODESIGN** allowing it to sit harmoniously in any modern bathroom setting. With a choice of basin, bath and shower mixers, Metreaux's contemporary design is the perfect choice for the modern bathroom.

The comprehensive Metreaux collection features basins and baths manufactured from robust **BAGNOQUARTZ** material. **BAGNOQUARTZ** composite stone is manufactured from a specialised compound of natural minerals. With all the benefits of natural stone the **BAGNOQUARTZ** range offers an up to date alternative to ceramic with it's velvety smooth feel. This composite stone material is incredibly durable and lends any bathroom interior an air of opulence.

Compliment the basins with the contemporary and versatile furniture range available in a choice of designs and sizes with clever shelving options for a clutter-free en suite. Available in a number of modern wood finishes the Metreaux collection provides limitless storage options.

Metreaux's signature bold and glorious design is echoed in its stylish accessory range featuring wall mounted soap dishes, glass shelves and towel rails. The elegant backlit mirror by Metreaux is available in a variety of sizes for a subtle and versatile lighting solution.
